PERFIL PROFESIONAL

Full Stack Engineer with a strong focus on building scalable web applications and AI-integrated solutions. Proficient in React, Node.js, and TypeScript, with a proven track record of deploying production-ready software. Passionate about clean code, automated testing, and leveraging AI tools like GitHub Copilot and Claude to optimize development workflows in international environments.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Present

- Developed and deployed 'El Grano de Oro', a full-stack e-commerce platform using React and Node.js, integrating Gemini AI for personalized recommendations, resulting in a 25% increase in user engagement.
- Engineered a high-performance desktop application for music management using TypeScript, reducing manual file organization time by 90% for end-users.
- Implemented CI/CD pipelines and automated testing practices, reducing deployment time by 40% and ensuring high code quality across all production environments.
- Integrated AI-assisted coding workflows (GitHub Copilot, Claude) to accelerate feature delivery by 30% while maintaining strict adherence to clean code principles.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor's Degree in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present

HABILIDADES

Frontend:

React, TypeScript, JavaScript, HTML5, CSS3

Backend:

Node.js, Java, REST APIs

Cloud & DevOps:

AWS, Docker, Git, CI/CD

AI Tools:

GitHub Copilot, Claude, Gemini API

Languages:

Spanish (Native), English (C1 - Cambridge Certified), French (B1)

PROYECTOS RELEVANTES

El Grano de Oro

Full-stack e-commerce platform with AI-driven product recommendations and virtual assistant, built with React, Node.js, and AI integration.

Music Downloader Pro

Desktop application for automated music library management, featuring WiFi synchronization and cross-platform architecture.
