PERFIL PROFESIONAL

Junior Software Engineer with a strong foundation in full-stack development and a passion for health-tech solutions. Proven ability to build scalable web and desktop applications using JavaScript, Node.js, and Java. Committed to developing user-centric software that improves operational efficiency, with a C1 English proficiency for international collaboration.

EXPERIENCIA LABORAL

Full-Stack Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Present

- Developed 'El Grano de Oro', an e-commerce platform with AI-driven recommendations, increasing user engagement through a custom virtual assistant integrated with Gemini API.
- Engineered a high-performance desktop application for media management, reducing manual file organization time by 80% through automated synchronization and QR-based connectivity.
- Deployed 3+ production-ready web applications using Vercel, ensuring 99.9% uptime and responsive design for diverse business requirements.

FORMACIÓN

Higher Technician in Multiplatform Application Development (DAM)

IES El Majuelo | 2025 - Present

Bachelor's Degree in Industrial Engineering

Universidad de Sevilla | 2022 - Present

HABILIDADES
