PERFIL PROFESIONAL

Aspiring Software Quality Engineer with a strong foundation in software development and automated testing. Passionate about SDLC optimization and quality assurance, with hands-on experience in building scalable applications and integrating AI-driven solutions. Committed to delivering high-quality, bug-free software through rigorous testing methodologies.

EXPERIENCIA LABORAL

Software Developer & Quality Enthusiast (Freelance)

Independent Projects | 2023 - Present

- Developed and deployed full-stack web applications, implementing automated unit testing to ensure 99% uptime and reliability.
- Integrated AI-based recommendation engines and chatbots, performing end-to-end testing to validate logic accuracy and user experience.
- Optimized deployment pipelines using Docker, reducing manual configuration time by 50% and ensuring consistent environment testing.

FORMACIÓN

Higher Technician in Multiplatform Application Development (DAM)

IES El Majuelo | 2025 - Present

Bachelor's Degree in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present

HABILIDADES
