PERFIL PROFESIONAL

Aspiring Associate Solutions Architect with a strong foundation in Full-Stack development and AI integration. Passionate about bridging the gap between complex DevSecOps workflows and business value. Proficient in English (C1) and French (B1), with a focus on delivering scalable CI/CD solutions and leveraging AI-driven development tools to optimize productivity.

EXPERIENCIA LABORAL

Full-Stack Developer & Technical Consultant (Freelance)

Self-Employed | 2022 - Present

- Led end-to-end development of 3+ SaaS projects, translating business requirements into technical architectures and reducing deployment times by 40% through automated CI/CD pipelines.
- Guided non-technical stakeholders through Proof of Concept (POC) phases for AI-integrated applications, resulting in a 25% increase in user engagement via personalized recommendation algorithms.
- Implemented DevSecOps best practices in project lifecycles, ensuring secure code delivery and infrastructure stability using Docker and cloud-native services.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025

Bachelor in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present

HABILIDADES
