PERFIL PROFESIONAL

Full-stack Software Developer with a strong focus on SaaS product support and technical troubleshooting. Expert in bridging the gap between complex technical issues and user-friendly solutions using HTML, CSS, JavaScript, and API integrations. Proven track record of managing independent projects and delivering high-quality technical support in fast-paced environments.

EXPERIENCIA LABORAL

Full-stack Developer & Technical Support Lead

Freelance / Independent Projects | 2022 - Present

- Managed end-to-end technical support for 3+ production SaaS applications, reducing average ticket resolution time by 30% through proactive API documentation and browser console debugging.
- Developed and maintained 5+ client-facing web applications, utilizing GitHub for issue tracking and version control, ensuring 99.9% uptime for business-critical services.
- Translated complex technical requirements into non-technical language for non-developer stakeholders, facilitating seamless communication and project alignment in 100% of client interactions.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present
