PERFIL PROFESIONAL

Aspiring Software Developer with a strong foundation in full-stack development and scientific computing. Passionate about building scalable, maintainable systems with a focus on data-driven applications. Proficient in Java, JavaScript, and Python, with a commitment to public service and technical excellence in complex environments.

EXPERIENCIA LABORAL

Full-Stack Developer (Freelance/Personal Projects)

Independent Projects | 2022 - Present

- Developed and deployed a full-stack e-commerce platform with AI-driven recommendations, achieving a 100% uptime and supporting multi-language support for global users.
- Engineered a high-performance desktop automation tool for media management, reducing manual file organization time by 90% for end-users.
- Implemented automated CI/CD workflows using Git and Vercel, ensuring clean, version-controlled code deployments for multiple production-ready web applications.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present

Elements of AI Certification

University of Helsinki | 2024

HABILIDADES

Languages:

Java, JavaScript, Python, C, SQL

Backend & Web:

Node.js, REST APIs, AI Integration (Gemini API)

Tools & DevOps:

Git, Docker, Matlab/Simulink, CI/CD

Languages (Human):

Spanish (Native), English (C1 - Cambridge Certified), French (B1)

PROYECTOS RELEVANTES

El Grano de Oro (AI-Powered E-commerce)

Full-stack web application featuring an AI virtual assistant and personalized recommendation engine, deployed with automated email notifications.

Music Downloader Pro

Desktop application built for automated library management, featuring cross-device synchronization via QR codes and optimized file handling.
