PERFIL PROFESIONAL

Software Developer with a strong foundation in Python and full-stack architecture. Passionate about building scalable business solutions and ERP integrations. Highly adaptable learner with a focus on Odoo framework development, API integration, and database optimization, backed by a C1 English proficiency.

EXPERIENCIA LABORAL

Freelance Software Developer

Self-Employed | 2022 - Present

- Developed and deployed 3+ full-stack web applications, including an AI-integrated e-commerce platform that handles automated email notifications and multi-language support.
- Engineered custom automation tools and desktop applications, reducing manual data management tasks by 40% through efficient Python-based scripting and API integrations.
- Managed PostgreSQL database schemas and optimized query performance for high-availability web services, ensuring 99% uptime for client projects.

FORMACIÓN

Higher Technician in Multiplatform Application Development (DAM)

IES El Majuelo | 2025 - Present

Bachelor's Degree in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present
