PERFIL PROFESIONAL

Frontend Software Engineer with a strong focus on building scalable, user-centric web applications. Proficient in modern JavaScript, HTML5, and CSS3, with a proven track record of deploying full-stack solutions. Passionate about optimizing UI performance and integrating AI-driven features to enhance user experience in fast-paced environments.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance / Personal Projects)

Independent Projects | 2022 - Present

- Developed and deployed 'El Grano de Oro', a full-stack e-commerce platform, achieving a 100% uptime and integrating an AI-powered virtual assistant that reduced customer support queries by 30%.
- Engineered a high-performance desktop application for media management, utilizing advanced JavaScript patterns to handle large data sets and improving synchronization efficiency by 40% via local network protocols.
- Built responsive corporate web interfaces for local businesses, ensuring cross-browser compatibility and achieving a 95+ score on Google Lighthouse performance audits.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor's Degree in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present
