PERFIL PROFESIONAL

Full Stack Developer with a strong foundation in Java and JavaScript, focused on building scalable enterprise-grade applications. Passionate about integrating AI solutions and optimizing software lifecycles. Proven ability to translate complex technical requirements into user-centric solutions, with professional C1 English proficiency for international team collaboration.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Present

- Developed and deployed 'El Grano de Oro', a full-stack e-commerce platform using AI-driven recommendations, resulting in a 100% automated customer support system via virtual assistants.
- Engineered a desktop music management application using Java and JavaScript, implementing Docker containerization to ensure consistent cross-environment deployment and reducing setup time by 40%.
- Managed end-to-end development lifecycles for client-facing web applications, utilizing SQL for complex database management and Git for version control in agile-inspired workflows.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor's Degree in Industrial Technology Engineering

Universidad de Sevilla | 2022 - Present

HABILIDADES

Languages:

Java, JavaScript, SQL, HTML, CSS

Development Tools:

Git, Docker, Oracle

Methodologies:

Agile Development, Software Lifecycle Management, Technical Communication

PROYECTOS RELEVANTES

El Grano de Oro (E-commerce)

Full-stack store with AI integration, automated email notifications, and multi-language support, deployed via Vercel.

Music Downloader Pro

Desktop application for library management using Java, featuring automated synchronization and Docker-based deployment.
