PERFIL PROFESIONAL

Full Stack Software Developer with a strong foundation in building scalable web applications and desktop tools. Proficient in Java and JavaScript, with hands-on experience in containerization using Docker and database management. Passionate about developing high-performance software solutions and integrating AI-driven features to enhance user experience.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Present

- Developed 'El Grano de Oro', a full-stack e-commerce platform serving international users with 6-language support and AI-integrated virtual assistance.
- Engineered a high-performance desktop music management tool using Java and JavaScript, optimizing local file processing and reducing synchronization time by 40% via QR-based WiFi protocols.
- Architected and deployed responsive web applications for local businesses, achieving 99.9% uptime and improving client digital presence through optimized SEO and clean code practices.
