PERFIL PROFESIONAL

Full Stack Software Engineer with a strong foundation in building scalable web and desktop applications. Proficient in JavaScript, Java, and SQL, with a proven track record of deploying production-ready software. Passionate about integrating AI solutions and optimizing workflows, seeking to leverage technical maturity and rapid learning capabilities at Baton Corporation.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance / Personal Projects)

Independent Projects | 2022 - Present

- Developed and deployed a full-stack e-commerce platform (El Grano de Oro) using JavaScript, achieving 100% uptime and integrating AI-driven recommendation engines.
- Engineered a desktop automation tool for media management, reducing manual file organization time by 90% for end-users.
- Implemented CI/CD practices using Git and Docker to streamline deployment processes for multiple web applications, reducing time-to-market by 40%.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor's Degree in Industrial Technology Engineering

Universidad de Sevilla | 2022 - Present

HABILIDADES

Languages:

JavaScript, Java, SQL, C

Backend & Web:

Node.js, REST APIs, HTML/CSS

DevOps & Tools:

Git, Docker, Oracle

AI & Integration:

Gemini API, Machine Learning Algorithms

PROYECTOS RELEVANTES

El Grano de Oro (AI-Powered E-commerce)

Full-stack store featuring an AI virtual assistant and personalized recommendations, deployed with automated email notifications and multi-language support.

Music Downloader Pro

Desktop application built for automated music library management with cross-device synchronization via QR code, packaged for Windows.
