PERFIL PROFESIONAL

Full-Stack Software Developer with 2+ years of experience building scalable web applications and desktop tools. Specialized in JavaScript, HTML, CSS, and SQL, with a proven track record of delivering end-to-end solutions from database architecture to UI implementation. Passionate about integrating AI and optimizing user experiences for local business environments.

EXPERIENCIA LABORAL

Full-Stack Software Developer (Freelance/Personal Projects)

Independent Projects | 2022 - Present

- Developed and deployed 'El Grano de Oro', a full-stack e-commerce platform using JavaScript and SQL, achieving a 100% automated workflow for order management and customer support via AI integration.
- Designed and implemented relational database schemas for multiple web applications, ensuring data integrity and optimizing query performance for real-time user interactions.
- Built 'Catering SanMor', a professional corporate website, managing the full development lifecycle from initial SQL database design to responsive frontend deployment, resulting in a 20% increase in client inquiries.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor's Degree in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present
