PERFIL PROFESIONAL

Full Stack Developer with a strong foundation in building scalable web and desktop applications. Proficient in Java and JavaScript, with hands-on experience in Oracle database management and Docker containerization. Passionate about integrating AI solutions and delivering high-performance software with a focus on clean, maintainable code.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Present

- Developed and deployed a full-stack e-commerce platform using JavaScript and AI integration, achieving 100% uptime and supporting multi-language customer support.
- Engineered a desktop automation tool for media management, reducing manual file organization time by 90% for end-users.
- Implemented robust CI/CD workflows using Git, ensuring efficient version control and deployment cycles for production-ready applications.
