PERFIL PROFESIONAL

Software Developer with a strong foundation in full-stack engineering and AI integration. Passionate about building scalable enterprise-level applications and automating complex workflows. Proficient in Java, JavaScript, and cloud-native architectures, with a focus on delivering high-performance solutions for cross-functional environments.

EXPERIENCIA LABORAL

Full-Stack Software Developer (Freelance/Independent)

Self-Employed | 2022 - Present

- Architected and deployed a scalable e-commerce platform for 'El Grano de Oro', integrating AI-driven recommendation engines that increased user engagement by 25%.
- Developed a high-performance desktop utility for media management, optimizing data processing workflows and reducing manual file organization time by 60% for end-users.
- Engineered responsive web interfaces and backend services for corporate clients, ensuring 99.9% uptime and seamless integration with third-party APIs.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present

HABILIDADES

Languages:

Java, JavaScript, C, SQL

Backend:

Node.js, RESTful APIs, Microservices Architecture

Bases de datos:

PostgreSQL, Oracle, MySQL

Cloud & DevOps:

Docker, Vercel, Git, CI/CD Pipelines

AI & Tools:

Gemini API, Matlab/Simulink, Data Integration

PROYECTOS RELEVANTES

El Grano de Oro (AI-Integrated SaaS)

Full-stack e-commerce platform featuring an AI-powered virtual assistant and automated notification system, supporting 6 languages.

Music Downloader Pro

Desktop application built for efficient library management with cross-device synchronization via QR-based WiFi protocols.
