PERFIL PROFESIONAL

Software Engineer with a strong focus on backend development and API integration. Passionate about building scalable, high-performance applications with 2+ years of experience in full-stack development, AI integration, and cloud-native architectures. Committed to delivering robust, production-ready software solutions.

EXPERIENCIA LABORAL

Full Stack Developer & Software Engineer (Freelance)

Independent Projects | 2022 - Present

- Architected and deployed a high-traffic e-commerce platform using AI-driven recommendation engines, resulting in a 20% increase in user engagement.
- Developed custom API integrations for automated data processing, reducing manual administrative tasks by 15 hours per week.
- Containerized multiple applications using Docker, improving deployment consistency and reducing environment-related bugs by 40%.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor's Degree in Industrial Technology Engineering

Universidad de Sevilla | 2022 - Present

HABILIDADES

Backend:

Java, JavaScript, Node.js, API Design, RESTful Services

Bases de datos:

SQL, Oracle, PostgreSQL
