PERFIL PROFESIONAL

Junior Full Stack Developer with a strong foundation in Java and JavaScript. Passionate about building scalable web applications and integrating AI solutions. Proven ability to deliver production-ready software independently, with a focus on clean code, modern development workflows, and continuous learning.

EXPERIENCIA LABORAL

Software Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Present

- Developed and deployed a full-stack e-commerce platform using JavaScript and AI integration, resulting in a 100% automated customer support flow via virtual assistants.
- Engineered a desktop music management application with automated synchronization, reducing manual file organization time by 80% for end-users.
- Built and maintained professional corporate web solutions, achieving 99.9% uptime and optimized performance for local business clients.
