PERFIL PROFESIONAL

Fullstack Software Developer with a strong focus on building scalable web applications and AI-integrated solutions. Proficient in the full development lifecycle, from database architecture to frontend implementation. Passionate about clean code, rapid adaptation to new tech stacks, and delivering high-performance software solutions.

EXPERIENCIA LABORAL

Fullstack Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Present

- Developed and deployed 'El Grano de Oro', a full-stack e-commerce platform with AI-driven recommendations, achieving a 100% automated workflow for customer support via LLM integration.
- Engineered a high-performance desktop application for media management, optimizing data synchronization for users and reducing manual file organization time by 80%.
- Designed and maintained responsive web interfaces for corporate clients, ensuring cross-browser compatibility and improving page load speeds by 30% through optimized asset management.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present
