PERFIL PROFESIONAL

Junior Full Stack Software Developer with a strong foundation in Java and JavaScript. Passionate about building scalable web and desktop applications with a focus on clean code and automation. Proficient in integrating AI models and deploying production-ready software using Docker and Git workflows.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance/Personal Projects)

Independent Projects | 2023 - Present

- Developed and deployed a full-stack e-commerce platform using AI-driven recommendations, resulting in a 100% automated customer support flow via integrated LLMs.
- Engineered a desktop music management application with automated synchronization, reducing manual file organization time by 80% for end-users.
- Implemented CI/CD practices using Git and Docker, ensuring consistent deployment environments for multiple web applications.
