PERFIL PROFESIONAL

Frontend Developer with a strong focus on building scalable web applications using React.js, Next.js, and TypeScript. Passionate about UI/UX excellence and performance optimization, with proven experience integrating AI services and delivering production-ready software. Highly independent, C1 English proficient, and ready to contribute to remote international teams.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance)

Self-Employed | 2023 - Present

- Developed and deployed 'El Grano de Oro', a high-performance e-commerce platform using Next.js and TypeScript, achieving a 40% improvement in page load speed through optimized Webpack configurations.
- Integrated AI-driven chatbots and recommendation engines using RESTful services, increasing user engagement by 25% and automating customer support in 6 languages.
- Engineered a custom desktop application for music management, implementing complex state management and local data synchronization, reducing manual file organization time by 90% for users.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor of Industrial Technology Engineering

Universidad de Sevilla | 2022 - Present
