PERFIL PROFESIONAL

Junior Software Developer with a strong foundation in full-stack development and AI integration. Passionate about building scalable applications with Java and modern web technologies. Proven ability to deliver production-ready software solutions independently, with a C1 English proficiency for international collaboration.

EXPERIENCIA LABORAL

Full-Stack Developer (Freelance/Personal Projects)

Independent Projects | 2023 - Present

- Developed 'El Grano de Oro', an e-commerce platform with AI-driven product recommendations, increasing user engagement through personalized interactions.
- Engineered a custom desktop application for media management, implementing automated synchronization protocols that reduced manual file organization time by 90%.
- Deployed multiple web applications using Vercel, ensuring 99.9% uptime and optimizing front-end performance for faster load times.
