PERFIL PROFESIONAL

Junior Full-Stack Developer with a strong foundation in building scalable web and desktop applications. Proficient in Java, JavaScript, and SQL, with a proven track record of deploying production-ready software. Passionate about integrating AI solutions and optimizing workflows, seeking to contribute technical expertise and rapid learning capabilities to the Globixs development team.

EXPERIENCIA LABORAL

Full-Stack Developer (Freelance/Personal Projects)

Independent Projects | 2023 - Presente

- Developed and deployed a full-stack e-commerce platform for 'El Grano de Oro', integrating an AI-powered virtual assistant that increased user engagement and automated customer support in 6 languages.
- Engineered a high-performance desktop application for music management, reducing manual file organization time by 90% through automated synchronization and QR-based mobile integration.
- Built and maintained professional corporate websites using modern web standards, achieving 99.9% uptime and optimized load times for local business clients.
