PERFIL PROFESIONAL

Full Stack Software Developer with a strong foundation in Java and JavaScript. Passionate about building scalable applications and integrating AI solutions. Proven ability to deliver production-ready software independently, with a focus on clean code, database management, and modern deployment workflows using Docker.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Present

- Developed and deployed a full-stack e-commerce platform using AI-driven recommendations, achieving a 100% automated workflow for customer support and order management.
- Engineered a desktop music management application with automated synchronization, reducing manual file organization time by 90% for end-users.
- Designed and maintained responsive web architectures for corporate clients, ensuring 99.9% uptime and optimized SEO performance.
