

Jorge Jaime Sena

jorgejs1911@gmail.com | +34 744 45 13 77 | Bormujos, Sevilla

PERFIL PROFESIONAL

Software Engineer with a strong foundation in full-stack development and a passion for building productivity-focused applications. Proficient in Java, JavaScript, and SQL with hands-on experience in containerization and AI integration. Proven ability to deliver production-ready software independently, with a focus on clean architecture and scalable user experiences.

EXPERIENCIA LABORAL

Full-Stack Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Present

- Developed and deployed 'El Grano de Oro', a full-stack e-commerce platform using AI-driven recommendations, resulting in a 100% automated customer support flow via integrated LLMs.
- Engineered a high-performance desktop application for media management, optimizing file processing workflows and reducing manual organization time by 80% for end-users.
- Architected and maintained responsive web interfaces for corporate clients, ensuring 99.9% uptime and cross-browser compatibility using modern JavaScript and CSS frameworks.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present
