PERFIL PROFESIONAL

Frontend Developer with a strong focus on building scalable web applications. Passionate about UI/UX and performance optimization using TypeScript, Next.js, and React.js. Proven ability to deliver production-ready software independently, with a C1 English proficiency and experience integrating AI-driven features into modern web architectures.

EXPERIENCIA LABORAL

Full-Stack Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Present

- Developed and deployed 'El Grano de Oro', a full-stack e-commerce platform using Next.js and TypeScript, achieving a 40% improvement in page load speed through optimized image rendering and code splitting.
- Integrated Gemini AI API to provide personalized product recommendations, resulting in a 25% increase in user engagement metrics.
- Built a robust desktop application for media management using React and Webpack, automating library synchronization for 100+ active users.
- Implemented automated testing suites using Jest, ensuring 95% code coverage for critical business logic and UI components.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present

HABILIDADES

Frontend:

TypeScript, Next.js, React.js, JavaScript, CSS, Sass

Testing & Tools:

Jest, Webpack, Git, Docker

API & Integration:

RESTful Services, GraphQL, AI/LLM Integration

Languages:

Spanish (Native), English (C1), French (B1)

PROYECTOS RELEVANTES

El Grano de Oro

E-commerce platform built with Next.js, TypeScript, and GraphQL, featuring AI-driven recommendations and multi-language support.

Music Downloader Pro

Desktop application for music library management using React and Webpack, featuring automated synchronization and cross-device connectivity.
