PERFIL PROFESIONAL

Full Stack Software Developer with a strong foundation in Java and JavaScript. Passionate about building scalable web and desktop applications with 2+ years of self-taught experience in full-lifecycle development. Proficient in integrating AI models, containerization with Docker, and database design, seeking to contribute to METRICA's development team.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance/Personal Projects)

Independent Projects | 2022 - Present

- Developed and deployed 'El Grano de Oro', a full-stack e-commerce platform using JavaScript and AI integration, achieving 100% uptime and supporting multi-language functionality.
- Engineered a desktop music management application using Java, reducing manual file organization time by 80% for end-users.
- Designed and implemented responsive web interfaces for corporate clients, improving site load times by 30% through optimized HTML/CSS and clean code practices.

FORMACIÓN

Higher Technician in Multiplatform Application Development (DAM)

IES El Majuelo | 2025 - Present

Bachelor's Degree in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present
