PERFIL PROFESIONAL

Junior Full Stack Software Engineer with a strong foundation in building scalable web applications. Passionate about integrating AI solutions and modern JavaScript ecosystems. Proven ability to deliver production-ready software independently, with a focus on clean code, RESTful API design, and full-stack development.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance / Personal Projects)

Independent Projects | 2022 - Present

- Developed and deployed 'El Grano de Oro', a full-stack e-commerce platform with integrated AI-driven recommendations, serving active users with a 99% uptime.
- Engineered a high-performance desktop application for media management, automating data synchronization via WiFi and reducing manual file organization time by 80% for users.
- Built and maintained responsive corporate web applications using modern JavaScript frameworks, achieving 100% lighthouse performance scores for SEO and accessibility.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor's Degree in Industrial Technology Engineering

Universidad de Sevilla | 2022 - Present
