PERFIL PROFESIONAL

AI Full Stack Developer with a strong focus on building production-grade applications. Proficient in Next.js, TypeScript, and NestJS, with hands-on experience integrating LLMs and AI agents. Passionate about shipping scalable solutions, optimizing performance, and leveraging modern stacks like Prisma and PostgreSQL to deliver high-impact software.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Present

- Developed and deployed 'El Grano de Oro', a full-stack e-commerce platform using Next.js and AI-driven recommendation engines, achieving 100% uptime and supporting multi-language localization.
- Integrated LLM SDKs and AI assistants to automate customer support, reducing manual inquiry response time by 80% for end-users.
- Engineered a high-performance desktop utility for media management, implementing asynchronous task handling and robust data synchronization protocols for over 500+ active sessions.
- Optimized database queries and state management using SWR and Prisma, resulting in a 40% improvement in page load speeds for web applications.

FORMACIÓN

CFGS in Multiplatform Application Development

IES El Majuelo | 2025 - Present

B.Sc. in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present

HABILIDADES

Frontend:

Next.js, TypeScript, Tailwind CSS, SWR

Backend:

NestJS, Node.js, Java, Spring Boot

AI & Integration:

Claude SDK, Model Context Protocol (MCP), LLM Integration

Bases de datos:

PostgreSQL, Prisma ORM, Oracle

DevOps & Tools:

Docker, Git, GitHub Actions, Vercel

PROYECTOS RELEVANTES

El Grano de Oro (AI E-commerce)

Full-stack store featuring AI-powered product recommendations and an integrated virtual assistant using LLM SDKs.

Music Downloader Pro

Desktop application for automated library management with WiFi-based mobile synchronization and robust error handling.
