PERFIL PROFESIONAL

Software Engineering student and Full-Stack Developer with a strong focus on building scalable web applications. Passionate about AI integration and sustainable technology, with hands-on experience in React, TypeScript, and Python. Proven ability to deliver production-ready software and eager to contribute to KITRO's mission of reducing food waste through efficient, data-driven engineering.

EXPERIENCIA LABORAL

Full-Stack Developer (Freelance & Personal Projects)

Independent Projects | 2023 - Present

- Developed and deployed a full-stack e-commerce platform using React and AI-driven recommendation engines, achieving 100% uptime and supporting multi-language customer support.
- Engineered a desktop automation tool for media management that reduced manual file organization time by 90% for end-users.
- Built and maintained professional web solutions for local businesses, ensuring responsive design and optimized performance across all devices.
