PERFIL PROFESIONAL

Junior UI/UX Designer with a strong technical background in full-stack development. Passionate about building B2B SaaS interfaces that balance complex data visualization with intuitive user experiences. Proficient in Figma, Adobe Creative Suite, and AI-assisted design workflows including Claude Design and Figma Make to accelerate prototyping and design systems.

EXPERIENCIA LABORAL

Freelance UI/UX & Software Developer

Self-Employed | 2023 - Present

- Designed and implemented a B2B SaaS e-commerce platform, improving user conversion rates by 25% through data-driven UI adjustments and accessibility-focused (WCAG) layouts.
- Integrated AI-driven recommendation engines into web interfaces, reducing user search time by 40% while maintaining a clean, responsive design across devices.
- Leveraged Figma and AI design tools to create a scalable design system, reducing design-to-development handoff time by 50% for multiple client projects.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor in Industrial Technology Engineering

Universidad de Sevilla | 2022 - Present
