PERFIL PROFESIONAL

Full Stack Engineer with a strong product-growth mindset and 2+ years of experience building scalable web applications. Specialized in bridging technical constraints with marketing goals using React, TypeScript, Java, and Spring Boot. Proven track record in developing high-performance, SEO-optimized applications that drive user acquisition and conversion.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Present

- Developed 'El Grano de Oro', a full-stack e-commerce platform using React and TypeScript, achieving a 35% increase in user engagement through AI-driven personalized recommendations.
- Implemented automated marketing workflows and email notifications, reducing manual administrative tasks by 50% and improving customer retention.
- Optimized web performance and SEO metrics, resulting in a 40% improvement in Lighthouse scores and higher organic search visibility.
- Integrated advanced analytics and A/B testing frameworks to track user behavior, directly informing UI/UX iterations that increased conversion rates by 15%.

FORMACIÓN

Higher Technician in Multiplatform Application Development

IES El Majuelo | 2025 - Present

Bachelor in Industrial Technologies Engineering

Universidad de Sevilla | 2022 - Present

HABILIDADES
