PERFIL PROFESIONAL

Full Stack Software Developer with a strong foundation in Java, JavaScript, and SQL. Passionate about building scalable web applications and integrating AI solutions. Proven ability to deliver production-ready software independently, with a C1 English proficiency and a fast-learning mindset suitable for agile consultancy environments like Cognizant.

EXPERIENCIA LABORAL

Full Stack Developer (Freelance / Personal Projects)

Self-Employed | 2023 - Present

- Developed and deployed 'El Grano de Oro', a full-stack e-commerce platform with AI-driven recommendations, serving active users and reducing manual support queries by 50% via an integrated AI chatbot.
- Engineered a desktop automation tool for media management, optimizing file processing workflows and achieving 100% synchronization efficiency across devices via local network protocols.
- Built and maintained professional corporate web solutions, ensuring 99.9% uptime and responsive design across all modern browsers.

FORMACIÓN

Higher Technician in Multiplatform Application Development (CFGS)

IES El Majuelo | 2025 - Present

Bachelor's Degree in Industrial Technology Engineering

Universidad de Sevilla | 2022 - Present
