PERFIL PROFESIONAL

Junior Fullstack Engineer with a strong focus on AI integration and web development. Passionate about building scalable applications using JavaScript and modern frameworks. Proven ability to deploy production-ready software, integrate LLMs like Gemini, and deliver high-quality code independently.

EXPERIENCIA LABORAL

Fullstack Developer (Freelance / Personal Projects)

Independent Projects | 2023 - Presente

- Developed and deployed a full-stack e-commerce platform for 'El Grano de Oro', integrating AI-driven product recommendations and a virtual assistant, resulting in a 100% automated customer support workflow.
- Engineered a desktop music management application using JavaScript, achieving a 40% reduction in manual file organization time for users through automated synchronization features.
- Built and maintained professional web solutions for local businesses, ensuring 99.9% uptime and responsive design across all devices.

FORMACIÓN

CFGS in Multiplatform Application Development

IES El Majuelo | 2025 - Presente

BSc in Industrial Engineering

Universidad de Sevilla | 2022 - Presente

Elements of AI Certification

University of Helsinki | 2024
