PERFIL PROFESIONAL

Software Developer and aspiring IT Consultant with a strong foundation in full-stack development and algorithmic problem-solving. Proficient in Java, JavaScript, and C, with a proven track record of deploying scalable web applications and AI-integrated solutions. Committed to delivering high-quality technical consulting through analytical rigor and modern DevOps practices.

EXPERIENCIA LABORAL

Full-Stack Developer & Freelance Consultant

Independent Projects | 2023 - Present

- Developed and deployed a full-stack e-commerce platform using JavaScript and AI integration, achieving a 100% uptime and supporting multi-language customer support via automated virtual assistants.
- Engineered a high-performance desktop application for media management, implementing custom synchronization algorithms that reduced manual file organization time by 80% for end-users.
- Architected and maintained professional web solutions for local businesses, ensuring 99.9% responsiveness across devices and optimizing SEO performance.
